Farm Managers Report

- Many thanks to Ricky Alabaster for sending his crew to dock the 327 lambs. Thanks also to Andy Nicholls who rang with an offer to help.
- Denny and Kiel have offered to shear the ewes which we are hoping to achieve early November if the yards dry out enough and before the gangs get busy. Thanks you two.

JOKE CORNER

Duane & Wellsy, long time friends were standing on No 12th tee overlooking the river getting ready to hit their shots. Wellsy pointed down the river and turned to Duane and said, "look at those idiots fishing in the rain!"

Joke contributed by Diane.

A Baa thankyou to Ricky and the crew who docked us!

From the Greens Superintendent

- The bulk of the branches that Arthur has pruned have been cleared and also the big branch that had fallen just short of the 16th green.
- Jimmy, myself and Paul Finn cleared the blocked drain on 15. The blockage was tree roots just short of the fence line. The culprit must be the willow tree at the top of the hill. While the water is now flowing, the problem will be ongoing as the gum tree on 16 and the Birch tree between 15 & 16 will also be causing problems. I had the Birch tree marked for removal last time we cut trees out but it got missed. It won't get missed this summer! The pipe will likely have to be replaced in the not-to-distant future.
- The broken bag holder has been fixed on Cart 6.
- Cart 2 has been repaired and thanks to John Booth who tracked down a lithium battery and will also do the conversion for us.

IN THE FINAL FOR ZONES!

Well done to our Zones team who now have a chance to defend their title when they defeated the strong Buckley team 5-1. They will now meet Marton on Sunday in the Final.

GOOD GOLFING TEAM.
